Upper Midwest
Federal Milk Order

Final Partial Decision to Amend the Upper Midwest Order Issued

The U.S. Department of Agriculture recently announced a final partial decision that permanently adopts amendments to the pooling and transportation credit provisions of the Upper Midwest Federal Milk Order that were previously implemented on an interim basis.

This decision is based on testimony and evidence given at a public hearing in Bloomington, Minnesota in August 2004.

This decision adopts amendments to the performance standards and transportation credit provisions of the order. The amendments include:

- 1) Revising the supply plant performance standards so that milk seeking to be pooled on the order demonstrates consistent service to the Class I market;
- 2) Preventing handlers located within the states that comprise the marketing area (Illinois, Iowa, Minnesota, North Dakota, South Dakota, Wisconsin, and the Upper Peninsula of Michigan) from qualifying milk located outside of these states;

- 3) Eliminating as producer milk diversions to nonpool plants outside of the states that comprise the marketing area; and
- 4) Establishing a limit so that a transportation credit can only be received for the first 400 miles of any single milk movement.

A separate decision will be issued at a later time that will address proposals concerning the depooling and repooling of milk, temporary loss of Grade A status, and increasing the maximum administrative assessment rate.

The decision was published in the October 5 *Federal Register*. USDA will determine if producers approve the amended order.

A paper copy of the decision can be obtained by calling Harold Ferguson toll-free at (888) 301-8224, extension 231. An electronic copy is available at: www.fmms30.com.

Pool Summary

- In September, 16,528 producers delivered to the market with an average daily delivery of 4,186 pounds.
- Producer milk totaled 2.08 billion pounds, down 98 million pounds from August, but 785 million pounds above September 2004.
- Class I utilization totaled 392 million pounds, up 6.2% on a daily basis from August. Class I usage accounted for 18.9% of producer milk.
- The September Producer Price Differential (PPD) is \$0.29 per cwt.
- The Statistical Uniform Price is \$14.59 per cwt., up \$0.44 from August, but \$0.26 below September 2004.
- Market statistics for September are shown on Pages 4 and 5.

September 2005 Producer Milk by Class

	Percent	Product Pounds	Price \$/cwt.
Class I	18.9	391,847,698	15.50
Class II	5.8	121,053,096	14.35
Class III	73.4	1,523,825,089	14.30
Class IV	1.9	38,756,882	13.75
Total		2,075,482,765	

Class III Milk Prices--January 1990 to September 2005

Class III milk prices under the Federal milk order system since 1990 are shown in the table below. The prices are also shown graphically for the last four years.

Class III is primarily milk used to make hard cheese, and is often referred to as the manufacturing milk price. (Class III milk also included butter until 2000.)

After reaching record high levels in 2004, the Class III price has remained above \$13 in 2005, with a low of \$13.60 in August and a high of \$14.70 in February.

Interim Order to Amend the Mideast Order

The U.S. Department of Agriculture recently issued an interim order

amending current provisions of the Mideast Federal Milk Order. The interim order was approved by Mideast dairy farmers.

ketwide equalization pool administered by another government entity; lowering the diversion limit standards; and increasing the performance standards for supply plants.

This interim order amends the performance standards of the order. The amendments include: prohibiting the ability to simultaneously pool the same milk on the Mideast Federal Order and on a mar-

The interim amendments to the order became effective on October 1, 2005.

USDA Amends Appalachian and Southeast Orders

The U.S. Department of Agriculture recently announced a partial final rule that amends the Appalachian and Southeast Federal Milk Orders effective November 1, 2005. Dairy farmers approved the amended orders.

milk order that has marketwide pooling. The partial final rule amends the transportation credit provisions of the Appalachian and Southeast Orders to increase the maximum rate of assessment by 3 cents per cwt. to \$0.095 per cwt. and \$0.10 per cwt., respectively.

For additional information contact:

Appalachian: Harold H. Friedly, Jr.
