## USDA to Hold National Public Hearing

The U.S. Department of Agriculture recently announced that it will be holding a national public hearing beginning February 26 to consider proposals seeking to amend the Class III and Class IV product price formulas applicable to all Federal milk marketing orders. The hearing will begin at 9:00 a.m. at the Holiday Inn Select in Strongsville, Ohio.

USDA requested proposals from industry that would examine all features of the Class III and Class IV product price formu-

las. Both producer cooperatives and milk product manufacturers submitted proposals.

The hearing notice was published in the February 9 *Federal Register*.

A paper copy of the hearing notice can be obtained by calling Harold Ferguson at (888) 301-8224, Ext. 231. An electronic version of the document is available on our website at [www.fmma30.com/Homepage/OrderActions.HTML](http://www.fmma30.com/Homepage/OrderActions.HTML).

# Recap of Federal Order Data for 2006

The table to the right and the map below summarize data for all Federal milk orders for 2006. Some comparisons are also made to data for 2005.

Producer milk in 2006 for all Federal orders combined totaled 120.6 billion pounds, up from 114.7 billion in 2005. Class I producer milk for all Federal orders totaled 45.3 billion pounds, or 37.6% of producer milk. Total Class I use for all Federal orders increased in 2006 after declining the three previous years. Class I use in 2006 ranged from 17% in the Upper Midwest Order to 84% in the Florida Order.

The weighted average uniform price for all Federal orders combined for 2006 was \$12.86 per cwt., down from \$15.07 in 2005. The average uniform price in 2006 ranged from \$12.01 in the Pacific Northwest Order to \$15.24 in the Florida Order.

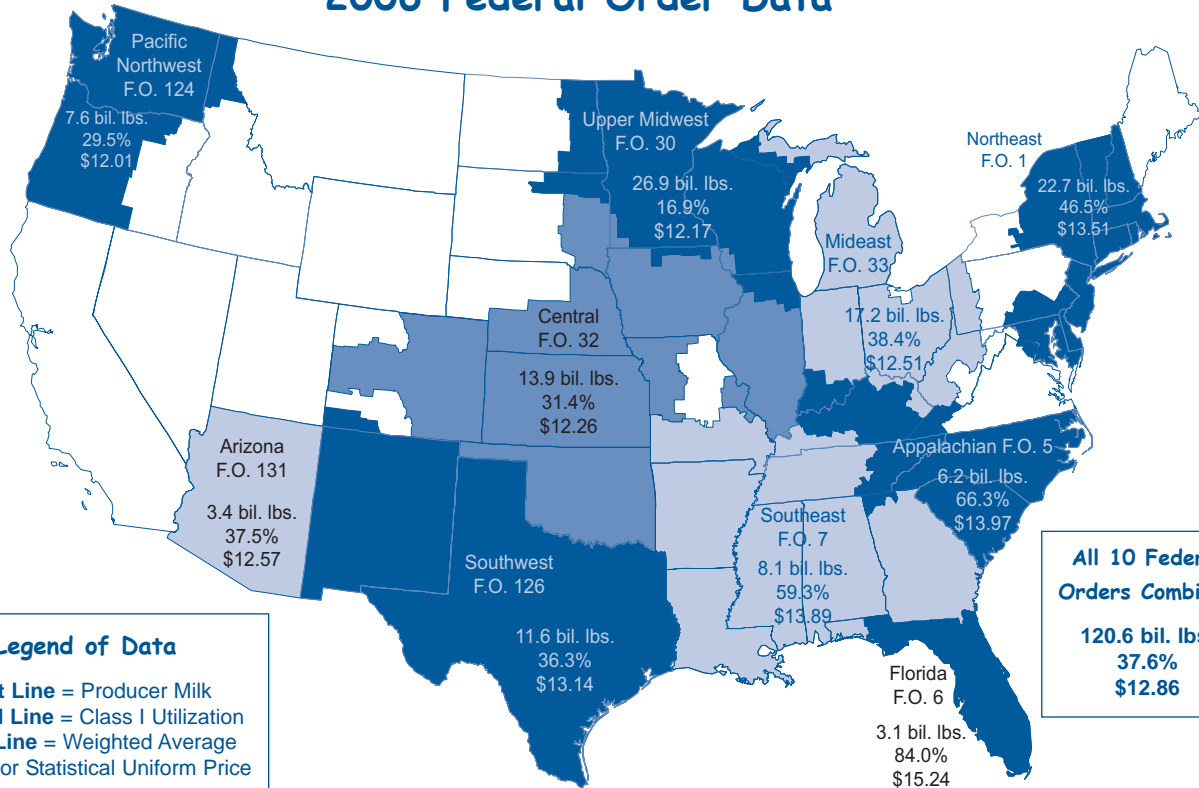

It should be noted that Federal order prices are *minimums* and do not necessarily represent what producers are actually paid. Upper Midwest producers, for example, sometimes receive premiums considerably above the Federal order minimums.
