Coronavirus Food Assistance Program for Dairy Producers *

USDA is providing support to our nation's farmers and ranchers through the Coronavirus Food Assistance Program (CFAP). The program provides financial assistance to producers of agricultural commodities to help absorb sales declines and increased marketing costs associated with the COVID-19 pandemic.

Overview

The Coronavirus Aid, Relief, and Economic Stability Act (CARES Act) and the Commodity Credit Corporation (CCC) Charter Act authorized the funds for the CFAP. The program is administered by USDA's Farm Service Agency (FSA) and the Agricultural Marketing Service (AMS).

Applications for CFAP will be accepted by FSA from **May 26, 2020 to August 28, 2020**.

Who is Eligible?

Payments for dairy under CFAP are based on milk production during the first quarter of 2020 (January, February, and March). A single payment will be made calculated from the two funding sources.

CARES Act

- Payment will compensate producers for price losses during the first quarter of 2020.

CARES Act Funds

For each eligible producer, payment is calculated by multiplying the cwt. of milk production for the months of January, February, and March 2020 by \$4.71.

CCC Funds

- Payment will compensate for marketing channel and demand disruptions for the second quarter of 2020 (April - June) due to COVID-19.

Payment Limitations

CFAP payments are subject to a per person and legal entity payment limitation of \$250,000. This limitation

CCC Funds

For each eligible producer, payment is calculated by multiplying the cwt. of milk production for the months of January, February, and March 2020 by the national adjustment of 1.014 by \$1.47.

applies to the total amount of CFAP payments made with respect to all eligible commodities.

Unlike other FSA programs, special payment limitation rules are applied to participants that are corporations, limited liability companies, and limited partnerships (corporate entities). These corporate entities may receive up to \$750,000 based upon the number of shareholders (not to exceed three shareholders) who are contributing at least 400 hours of active person management or personal active labor.

For a Corporate Entity:

- With one such shareholder, the payment limit for the entity is \$250,000;
- With two such shareholders, the payment limit for the entity is \$500,000 if at least two members contribute at least 400 hours of active personal labor or active personal management, or combination thereof, with respect to the operation of the corporate entity; and
- With three such shareholders, the limit is \$750,000 if at least three members contribute at least 400 hours of active personal labor or active personal management, or combination thereof, with respect to the operation of the corporate entity.

Payment Structure

To ensure the availability of funding throughout the application period, producers will receive 80% of their maximum total payment, up to the payment limit, upon approval of the application. The remaining portion will be paid at a later date as funds remain available.

How to Apply

FSA staff at your local USDA Service Center will work with producers to file applications. Applications may be submitted by mail, fax, hand delivery, or by electronic means. Please call your office prior to sending applications electronically. The CFAP application and associated forms are available online at farmers.gov/cfap.

More Information

This summary is provided for informational purposes only; other restrictions may apply. For more information about the CFAP program, visit farmers.gov/cfap or contact your local FSA office.

Additionally, producers in search of one-on-one support with the application process can call **877-508-8364** to speak directly with a USDA employee ready to offer assistance.

The number of applications on the summary includes approved applications, as well as those that have been submitted but not yet approved.

The payment figures represent only the approved applications that have been forwarded for payment. A description of the commodities and crops included in each category is available at farmers.gov/cfap.

Dairy Payments

Payments to **dairy farmers** totaled **\$667 million**, with more than 12,000 applications.

Payments to **Wisconsin** dairy farmers totaled **\$156 million**, while **Minnesota** dairy farmers have been paid **\$28 million**.
