Class Prices and Producer Prices7

#### **MOU on Dairy Exports**

The USDA and the U.S. Food and Drug Administration (FDA) signed a Memo of Understanding (MOU) to facilitate the export of milk and milk products from the U.S. The MOU outlines strengthened coordination between FDA and USDA's Agricultural Marketing Service (AMS) and Foreign Agricultural Service (FAS).

U.S. dairy exports are valued at nearly \$6 billion annually. For more information go to:

www.ams.usda.gov/press-release/ usda-and-fda-sign-memorandumunderstanding-enhancecollaboration-efficiency-us-dairy.

## Dairy Margin Coverage Enrollment Open

he U.S. Department of Agriculture (USDA) is now enrolling dairy farmers for the 2021 Dairy Margin Coverage (DMC) program year. The signup will run through December 11, 2020.

DMC is a voluntary risk management program that offers protection to dairy producers when the difference between the all-milk price and the average feed price (the margin) falls below a certain dollar amount selected by the producer.

DMC payments were triggered for seven months in 2019 and three months so far in 2020. More than 23,000 operations enrolled in DMC in 2019, and more than 13,000 in 2020.

#### Updated Dairy Decision Tool

To determine the appropriate level of coverage for a specific dairy operation, producers can utilize the recently updated online dairy decision tool. The decision tool is designed to assist producers with calculating total premium costs and administrative fees associated with participation in DMC. An informational video is available, too.

Improvements to the decision tool, made in cooperation with representatives from the University of Minnesota and the University of Wisconsin, include historical analysis that illustrates what DMC indemnity payments might have been had the program been available over the previous two decades. The analysis indicates that over the course of time, DMC payments made to producers exceed premiums paid. These decision tool enhancements provide a more comprehensive decision support experience for producers considering DMC.

#### Additional Support for Farmers

In addition to DMC, a variety of USDA programs are available to help dairy producers, including insurance, disaster assistance, and conservation programs. Most recently, the Coronavirus Food Assistance Program-1 provided \$1.75 billion in direct relief to dairy producers who faced price declines and additional marketing costs in early 2020 due to COVID-19. Now, signup is underway for the Coronavirus Food Assistance Program-2, which provides another round of assistance for dairy producers and many other eligible producers.

More information can be found at: www.fsa.usda.gov/programs-and-services/ dairy-margin-coverage-program/index.

#### **Pool Summary**

- In September, producer milk totaled 1.1 billion pounds, up 1% from last month on a daily basis, but 53% below last year. The decline from last year resulted from a sharp increase in the volume of milk not pooled.
- Class I utilization was 213 million pounds, up 8.4% from August on a daily basis, but 3.5% below last year. In September, Class I use was 20.0% of producer milk.
- The September Producer Price Differential (PPD) was \$(0.46) per cwt.
- The F.O. 30 Statistical Uniform Price in September was \$15.97 per cwt., down \$1.74 from August and \$2.26 below a year ago.
- Market statistics for September are shown on Pages 4 and 5.

#### September 2020 Producer Milk by Class

	Percent	Product Pounds	Price
			\$/cwt.
Class I	20.0	213,163,310	20.24
Class II	18.0	191,012,607	13.16
Class III	49.9	530,244,649	16.43
Class IV	12.1	129,130,347	12.75
Total		1,063,550,913	

## CME Cheese Prices Jump in October, Butter Down

he Chicago Mercantile Exchange (CME) prices for cheddar cheese rose again during the last month.

On October 22, the 40-pound block cheese price on the CME was 2.771/4 per pound, 171/4¢ above September 22 and 67¢ over a year earlier.

Meanwhile, the price for barrel cheese on October 22 of  $2.40^{1/4}$  per pound was up 76<sup>3</sup>/4¢ from September 22 and nearly 30¢ above last year. The result is a narrowing of the spread between the two cheese prices from a month ago, now standing at  $37\phi$ , after topping \$1.01 in September.

The CME butter price on October 22 was 1.43% per pound, down 18% from a month ago and 65% below last year.

The Federal order Class III price for September is \$16.43, down \$3.34 from August and \$1.88 below last year.

The impact on pay prices from the volatile markets is illustrated in the calculation of the payment for an "average" producer in the table below.

The CME Class III futures market has the price going above \$21 again in October, staying above \$20 in November, before settling to the mid-\$16 range by February.

#### Calculation of the Minimum Payment for an "Average" F.O 30 Producer

			June	June 2020		July 2020		t 2020	September 2020	
	Pound		Price	Value	Price	Value	Price	Value	Price	Value
<b>PPD</b> (Adjusted for location)	400,000	Per Cwt.	\$(3.81)	\$ (15,240)	\$(4.86)	\$(19,440)	\$(2.06)	\$(8,240)	\$(0.46)	\$(1,840)
Butterfat (3.85%)	15,400	Per Pound	1.8591	28,630	1.9583	30,158	1.6275	25,064	1.5932	24,535
<b>Protein</b> (3.10%)	12,400	Per Pound	4.5349	56,233	5.6294	69,805	4.4394	55,049	3.3935	42,079
Other Solids (5.75%)	23,000	Per Pound	0.1696	3,901	0.1492	3,432	0.1387	3,190	0.1241	2,854
Somatic Cells *	400,000	Per Cwt.	0.20	800	0.23	920	0.19	760	0.16	640
Federal Order 30 Minimum Payment		<b>\$74,324</b> \$18.58 per cwt.		<b>\$84,875</b> <b>\$21.22</b> per cwt.		<b>\$75,823</b> \$18.96 per cwt.		\$68,268 \$17.07 per cwt.		

\* The somatic cell rate is calculated by subtracting the cell count (in thousands) from 350, and multiplying the result by the somatic cell adjustment rate, rounding to nearest full cent. For June 2020 in this example, that would be: [(350-170) x \$0.00111] or 180 x \$0.00111 = \$0.20. For July, the somatic cell adjustment rate was \$0.00129, resulting in a \$0.23 rate. For August, the somatic cell adjustment rate was \$0.00105, resulting in a \$0.19 rate. For September, the somatic cell adjustment rate was \$0.00089, resulting in a \$0.16 rate

#### 2019 Sales of Fluid Milk Products

Sales of fluid milk products (FMP) in the Upper Midwest Order from all sources are shown in Table 1 and are depicted graphically in Figures 1 and 2 on Page 3. Sales in all Federal orders are portrayed in Figure 3.

The sales figures discussed here are different than those discussed in the article in this publication in last month's issue (September 2020).

The sales reported on this month include milk sold into FO 30 from plants regulated by other Federal order markets. In addition, sales by Partially Regulated plants, Producer Handlers, and Exempt plants are included in this article.

#### Upper Midwest Order

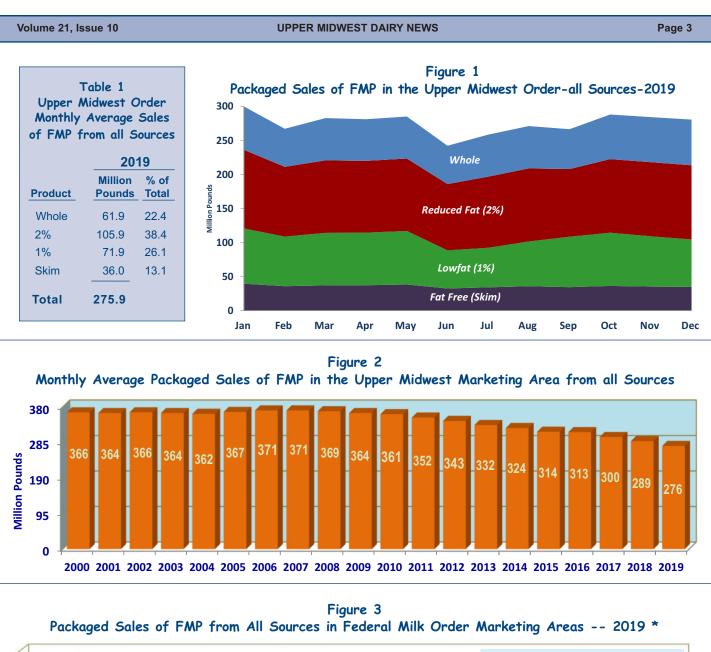

During 2019, there were 3.3 billion pounds of fluid milk products sold in the marketing area from all sources. On a monthly basis, 2019 sales ranged from 300 million pounds in January to 242 million pounds in June.

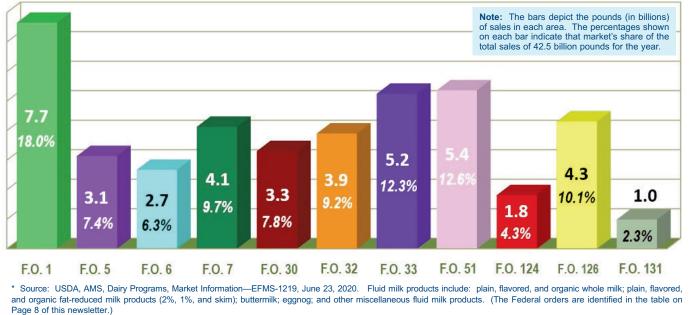

In 2019, sales averaged 276 million pounds per month, down from 289 million pounds in 2018, and 366 million pounds in 2000, as shown in Figure 2. Since 2000, monthly average annual sales peaked at 371.5 million pounds in 2007 and have declined steadily since. Total sales in the FO 30 marketing area have declined by about 4% per year in each of the last three years. Sales of reduced fat milk (2%) continued to account for the largest share of the market at 38% in 2019, followed by lowfat milk (1%), whole milk, and finally fat free milk (skim).

Sales in all butterfat categories declined in this region from 2018 to 2019, as they have each year since 2016.

#### All Federal Orders

Packaged sales of FMP in all marketing areas totaled 42.5 billion pounds for 2019. Sales in each of the areas and the percentage they represented are shown in Figure 3. Sales in all Federal orders have also been on a downward trend, dropping from more than 48 billion pounds in 2012.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint\_filing\_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.
